Gov. Robinson in Missouri. Just on the eve of going to press we were shown a letter from a reliable gentleman in Kansas City, to Col. G. W Deitzler, of Lawrence, in which it was stated that when the boat, on which Gov. Robinson was a passenger, reached Brunswick, Mo., it was met by several hundred people who were anxious to get a sight of the Governor of the State of Kansas. They took him ashore, not however, fercibly, to the hotel, where a sumpteous dinner was served, speeches made, etc. They treated their distinguished guest with marked politeness and courtesy, and when the next boat came along escorted him on board. He pursued his journey without any further incident of importance. The source from which this rumor reaches us, precludes the possibility of our doubting its accuracy. A favorable acquaintance with the Border Ruffians, may develop some traits of manliness in their characters.

### The Commercial Movement.

Four out of five members of the Committee, appointed by the late Commercial Meeting held in this city to visit Alton and other points in the Free States and arrange business connections therewith, have started on their mission, and will leave no effort untried in the fulfillment of their duties. Our business men do something more than talk, when their rights are trampled upon. There is a great deal of truth and shrewdness mixed in the saying so common with the Missourians, "That when you touch a Yankee's pocket you touch his heart." Let them be careful how they meddle with either !

#### Who is the Man?

By the last mail, we received a letterenvelope, post-marked "Boston, March 21"-containing a two dollar bill on the Trader's Bank, Boston, and also one of the notices sent to subscribers to inform them of the expiration of subscriptions There was no name, in fact no writing of any kind, in the envelope. We presume some one wished to renew his subscription to the HERALD OF FREEDOM, and sent us the money, but forgot to give the give us notice accordingly.

Please take hold of the handle of the gentlman's name in addressing him hereafter.

A report came from Lecompton yesterday that a German there (name forgotten) shot a man named Adams The quarrel originated from a difficulty about a claim. Adams was shot by a rifle ball, which entered his back below the left shoulder blade, and passed out below the right lung. At the latest account he was still living, but the citizens there have the German in custody, and if Adams dies-which in all probability he will-Judge Lynch will be allowed to pass sentence upon the murderer.

# Notice to Pre-emptors.

We are authorized by Mr. CHRISTIAN, to inform the pre-empters in this portion of the Territory, that they can have their intentions filed gratis, by calling on him at his law office, in Lawrence; and all those that have paid fees for recording the same in the Surveyor General's office, can have their money returned by leaving their names with him.

# Lecompton Union.

This is the title of a pro-slavery paper soon to be published in Lecompton, by W. L. HALSEY & C. A. FARIS. Mr. Halsey lives in Westport, Mo., is a New Yorker by birth, but has been in Missouri long enough to get thoroughly inoculated with slavery prejudices. Outside of this question we concede him to be a perfect gentleman.

# Church Matters.

For the Herald of Freedom. Laying the Corner Stone.

The corner stone of the church for the use of the "First Unitarian Society, of Lawrence," was laid on Wednesday, 20th ult., with appropriate ceremonies. The attendance was large, notwithstanding the weather was cold and the wind high.

It argues well for religious freedom and toleration in Kansas, for the existence and manifestation of the great law of "Charity, which is the bond of perfectness," that ministers and people of different sects and doctrinal views, did, on true christianity among us. name. We hope this paragraph will fall this occasion, meet together and take under his observation, and that he will part in the services. The entrance to the church is to be by a flight of stairs ascending from the floor of the tower. The heighth of the tower above the roof is to be 23 feet, affording sufficient space for the clock with three dials, and a bell deck for a bell of 1500 pounds The entire finish of the interior is to be of black walnut, except the floor and window sash. The walls are to be composite with sand-stone caps and sills for win dows, and doors and cornice. The roof inclines slightly each way, and is to be covered with cement. The carpenter work, we understand, has been, or is to be let out in parts to several of our best mechanics. It is expected that the walls will be completed by the first of July, and that the carpenters will have their part of the work in such a state of forwardure as to complete the building before Sep-

When this church is completed and the sound of the Sabbath bell is heard in our midst, a more auspicious day will dawn upon the community. Those who now allow trifles to keep them at home on the Sabbath, will then become church-goers. It was the purpose of Mr. Whitman, in soliciting funds for the erection of this church, to furnish accommodations not only for his own denomination, but also to accommodate other denominations a portion of the time, until they could erect hurches for themselves-and we doubt not that this liberal and catholic plan will be sanctioned and carried out by the society. The noble stand taken by the Cobhart Thomas N clergy of the various christian denominations in the formation of a christian alliance, promises a union of action and feeling that augers well for the spread of Dexter Mary E
